

# LIGHTNING NORTH AMERICAN Championship

## LIGHTNING NAC ARRIVAL PLAN

### ARRIVAL

When you arrive, it is important that you un-hitch your boat and unload equipment as soon as possible as vehicles need to be parked outside the club. Your drysail spot will correspond to your bow number and spaces will be assigned upon arrival. Please make an effort to head directly to your assigned spot to keep the area clear for others. Bow numbers will be distributed once all measurement checklists have been completed and those must be affixed before your boat goes in the water.

### MEASUREMENT

Please complete measurement prior to registration. Measurement forms (Hull/Equipment and Sails) will be available at the registration desk and at measurement stations. Hull and equipment measurement will take place around the south hoist and sail measurement will be at the pavilion, as indicated on the drysail map.

### REGISTRATION

Please check in at the EYC clubhouse to complete this process. The registration desk is located in the dining room and will be open on Sunday from 10 am until 5 pm or Monday from 10 am until noon.

### PARKING

There is guest parking just outside of the main gate, along the fence or across the street from the club on the lawn. There will be a guard at the gate or volunteer to direct you, and **Beach Lot Parking Passes** will be distributed at the Registration Desk to put on your dashboard.

### DRYSAIL MAP

A larger version of this map can be downloaded under the *Documents & Forms* tab on Yacht Scoring.
