

NOR Amendment No. 1

**R.P.S.A. 61st ANNUAL FALL MULTIHULL REGATTA ("RPMR")
SHARK NATIONALS REGATTA
ROTON POINT ASSOCIATION
Sept 17 – 19, 2021**

The 2021 RPMR is registered as a Clean Regatta event with Sailors for the Sea, which is the world's only ocean conservation organization that engages, educates and encourages the sailing and boating community toward restoring ocean health. Through a certification process, sailing events can achieve recognition for their sustainability efforts.

Roton Point Sailing Association would like to encourage attendees to consider the following to help make our event as green as possible:

- ✓ Bring reusable/refillable bottles for the boat
 - RPSA will have reusable bottles available for purchase
- ✓ Bring your own cup(s) for beverages in the morning and after sailing
- ✓ Use natural sunscreens with zinc oxide and titanium dioxide to reduce water pollution
- ✓ Carpool to the event if possible

In addition, RPSA will take the following measures to further promote a Clean Regatta event:

- ✓ Set up water refilling stations at various locations on the property
 - Water jugs will also be available on all support boats
- ✓ Encourage recycling and composting
 - Additional bins will be set up to collect recyclable materials
 - Bins will be available to collect compostable food products
- ✓ On-the-water lunches will not utilize plastic bags. All materials are recyclable or compostable.

Thank you in advance for your help with this effort.
