

## Detailed instruction to access information throughout the event.

### MarkSetBot App:

If you would like to see the MarkSetBot app and the course layout through the app, download the MSB app and register as a new user.

***\*I have moved all existing users to the correct org, so, if you have previously registered for an account then simply login and you will be able to see the Bots\****

Google Play

Store: [https://play.google.com/store/apps/details?id=net.azurewebsites.marksetbot&hl=en\\_US&gl=US&pli=1](https://play.google.com/store/apps/details?id=net.azurewebsites.marksetbot&hl=en_US&gl=US&pli=1)

Apple App Store: <https://apps.apple.com/us/app/marksetbot/id1282844256>

### TracTrac:

To view TracTrac you can either use the web version or the app. The web link below will bring you directly to the GL52 Southernmost Event. If using the app, you will need to search "GL52 Southernmost"

Web Link: [https://tractrac.com/event-page/event\\_20230112\\_GLSouthern/2512](https://tractrac.com/event-page/event_20230112_GLSouthern/2512)

Google Play

Store: [https://play.google.com/store/apps/details?id=com.tractrac.webapp&hl=en\\_US&gl=US](https://play.google.com/store/apps/details?id=com.tractrac.webapp&hl=en_US&gl=US)

Apple App Store: <https://apps.apple.com/us/app/tractrac/id1500017723>

### Expedition:

Like this summer, I will have the Bots set up to be viewed in Expedition. There will be two ways for teams to view the Bots in Expedition.

1. You can use this link:  
<https://marksetbot.azurewebsites.net/exportopen.ashx?type=BotPosition&orgid=199> to download a file to upload to Expedition.

***\*Reminder: this link updates every time I send a command to the Bots, and will show where I am sending the Bots, not where they are at that moment\****

2. I will be bringing an AIS transponder for each Bot. Any boat that has their AIS turned on will be able to see the Bots in Expedition. The transponders automatically transmit data once a minute.

Please do not hesitate to reach out if you have any questions.
