

## **Bow Number Installation**

Bow number stickers will be installed by OA representatives during inspection days and prior to the beginning of racing. They will be installed as follows:

- Numbers are 24 inches tall.
- Sticker application cleaning solution (non-solvent) will be applied to area, and wiped up after installation.
- Leading edge no more than 9 inches back from bottom tip of headstay bracket.
- Top edge no more than 9 inches below deck line.

Should stickers begin to peel off please notify the Race Office as soon as possible after racing.
