

SFYC Rules and Information

Pets: Pets are not permitted at the SFYC (the only exception are Member-owned dogs).

Parking: Parking during the regatta will be monitored and two parking passes for the SFYC lot will be issued per boat. Paid parking lots are available in downtown Tiburon, as indicated on the map in the registration packet. Unrestricted street parking is available on Community Road, north of the Club off of San Rafael Ave.

Docks: Boats shall be berthed in their assigned locations during the regatta, per the NOR. Extra equipment and gear may not be left or stored on the docks in front of the Clubhouse.

Cellphones: Making or receiving telephone calls in the public areas of the Club, including the bar, dining room, Clubhouse and Cove House, is generally prohibited. Where such use is permitted, users must be discreet and not disturb others. Cell phones, other devices for voice communication, and other electronic devices that emit audible sounds may not be used in indoor areas or other areas where people congregate, except that cell phones may be used on the Deck, in the phone booth in the Clubhouse front hall, on the docks, in private or otherwise unused spaces.

Drones: The operation of remotely controlled aerial drones or similar devices from, upon, and above Club property is prohibited unless specifically approved by the General Manager.

Smoking (including e-cigarettes or any similar device) is prohibited in all Club Facilities and at any location on Club property, indoors or outdoors, including the Harbor, deck, parking lot and lawn areas, except that yacht owners and their guests may smoke on their yachts.

Skateboards, skates, scooters, wheeled shoes and similar devices may not be used anywhere on Club Facilities.
