

2023 J/24 North American Championship

August 8-13, 2023

Organizing Authority (OA): Sandusky Sailing Club, U.S. J/24 Class Association, and the International J/24 Class Association (IJCA)
Sandusky, OH, USA

NOTICE OF RACE (NoR)

Amendment #2

Addition to NoR 8

Measurement and inspection at the 2023 North American Championships will be done on an "Honor" basis. Inspection at the event will be by random spot checking of boats between races, both on the water and ashore. Competitors are required to electronically submit documents (current measurement certificate and current equipment list) 1 week prior to racing. Editing of the equipment list is allowed on site, provided that a completed list was provided within the time frame specified for documents submission.

Measurers and Measurement templates / boat scale will be available during the 2 days of measurement / Inspection on the schedule, to assist competitors in updating their measurement certificates and for them to ensure that their boat is in compliance with the class rules.
