NOTICE TO COMPETITORS #1

The 2024 ORC World Championship Organizing Authority has been alerted to several changes that are scheduled to take effect, or have already taken effect, to the Offshore Special Regulations during the next several months that may directly affect the requirements for this event. Here is a brief summary of what we believe the changes will include so that competitors can plan accordingly.

- OSR 4.05.2 Fire Extinguishers: The current language is under review and will likely be updated to include applicable U.S. measurements.
- OSR 4.26 Storm and Heavy Weather Sails: The language has been reviewed and updated to what was previously written in the 2022-2023 OSRs.
- OSR 5.01.1 Lifejacket: The current language is under review and there may be updates on lifejackets manufactured before 2012.
