

## Mexican Entry Document for Crew arriving by Air

April 2, 2024

**IMPORTANT:**

We have a resolution on an open question about a form used in prior years. The Shipping Agency did not include it in their packet. We've finally resolved that we do, in fact, need the form.

The form is the **Crew List Departure form (Lista de tripulantes de zarpe)**.

Any crew flying into Mexico and departing Mexico on your boat will need to carry a **Notarized copy of the Crew List Departure form** with them and present it to Mexican Immigration. It is proof of their onward destination, which is required by immigration.

If it applies to your crew, please complete this form and email it to [chairman@regatadelsolalsol.org](mailto:chairman@regatadelsolalsol.org).

Again, the crew member arriving at the Cancun airport **must have a notarized copy of this form** with them.

The form is on the next page.
