The Notice of Race

The notation '[NP]' in a rule means that a boat may not protest another boat for breaking that rule. This changes RRS 60.1(a).

[SP] denotes a rule for which a standard penalty will be applied by the race committee without a hearing. The Standard Penalty assigned is listed in the applicable rule. This changes RRS 62.1(a), RRS 63.1, Appendix A4, and Appendix A5.

1 THE RULES

1.1 The event is governed by the *rules* as defined in The Racing Rules of Sailing (RRS).

1.2 The [Sail Canada Prescriptions](#) to the RRS apply for the entire race, including in US waters.

1.3 Sail Canada is the appeal authority for this event, including for incidents in US waters.

1.4 The event is also governed by the following documents.

1. LOOR Offshore Special Regulations

a. The event is a Category 3 Event under the World Sailing Offshore Special Regulations for Category 3 with prescriptions from Sail Canada and amended by LOOR, as documented in:

i. [LOOR Offshore Special Regulations for Category 3 Monohulls](#)

ii. [LOOR Offshore Special Regulations for Category 3 Multihulls](#)

These are available at the [Event's YachtScoring Web Site](#) under *Documents & Forms*

1.5 The Racing Rules of Sailing are changed as outlined below. The SIs may also change other *rules*.

1.5.1 RRS 41 Outside Help

Each boat may communicate with any person, competitor, boat, or outside source for information available using any means available throughout the race.

This changes RRS 41.

1.5.2 RRS 42.3 (i) Propulsion

1. As permitted under RRS 42.3 (i).

2. Engine propulsion may be used to avoid a collision with commercial traffic providing that such usage does not advance the boat's position from its original position just prior to the hazardous incident.

3. An engine may be used for generating electrical power provided that such use does not advance the boat's position.

4. Engine propulsion may be used to clear seaweed or fish netting from the keel, rudder, or propeller if the use does not improve the boat's position

All uses of the engine for propulsion must be logged and reported to the Race Committee after finishing the race.

These change RRS 42.3 (i).

1.5.3 RRS 51 Movable Ballast

Canting keels and water ballast are allowed if the applicable class/measurement/handicap *rules* permit them.

This changes RRS 51.

1.5.4 RRS 52 Manual Power

1. All movable ballast systems must be capable of manual operation if the powered systems are inoperable.

2. The use of power auto helm devices is allowed.

These change RRS 52.

1.5.5 [NP] RRS 62 Redress

1. The Race Committee may announce boats subject to RRS 29.1.
2. The Race Committee may announce a boat's successful completion at the finish.

The contents of these announcements, including order or whether they are made, are not grounds for redress.

These change RRS 62.

1.5.6 RRS A4 & A5

A boat not starting within 18 minutes of her starting signal will be scored DNF. If Code Flag T was flown at or before her warning and she was in the starting area at her starting signal, then the 18-minute deadline is waved.

This changes RRS A4 & A5.

1.5.7 This section only applies to boats competing in the Single Handed/GLSS Solo Challenge and the changes are:

1.5.7.1 RRS 41 & 45

A boat may anchor or tie to a dock.

Including when a boat is anchored or moored, the following are specifically prohibited:

(A) Any prearranged transmissions for the advantage of the PiC.

(B) Communications with non-participants for the purpose of a position fix.

(C) Outside physical assistance, an example of which is to free a grounded boat.

(D) Materials, equipment or supplies of any sort shall not be taken aboard the boat.

(E) No materials shall leave the boat except that accidentally fall overboard or are supplied to others in distress.

If a PiC feels that it is necessary to withdraw from the Challenge temporarily, he or she shall attempt to continue to be as self-sufficient as he or she would be if he or she were still on the course and remain on the boat except to address docking or address required customs and immigration.

This changes RRS 41 & 45.

1.5.7.2 RRS 42.3 (i) Propulsion

(A) A boat may temporarily withdraw from the Challenge. To safely enter or leave a harbour, and motoring from a minimum safe distance for the conditions is acceptable. Any motoring that would be necessary must not advance the boat's position.

All uses of the engine for propulsion must be logged and reported to the Race Committee after finishing the race.

These change RRS 42.3 (i).

1.6 Changes to Class Rules

1.6.1 ORC

1.6.1.1 ORC 102

The following is added at the end of 102.

The maximum crew weight in certificates is converted to head count instead of weighing a named list of crews based on a nominal 85 kg or 187 lbs. per person. To comply, the owner is to determine the maximum crew weight for the purpose of the certificate based on the anticipated number of crews.

1.6.1.2 ORC 209

The following is added at the end of 209.

The number of ORC permitted spinnakers shall be increased by one additional sail. The sail inventory on the ORC certificate is exclusive of all storm and heavy weather sails required by the LOOR OSR for Category 3.

(a) at or after her starting signal, or

(b) during the last eight minutes before her starting signal.

When a boat starts in accordance with item (b) of the definition *Start*, she may return to the pre-start side of the line to comply with item (a) of the definition of *Start*, but, if she does not, the starting penalty shall be: 20 minutes added to her elapsed time.

1.10 When RRS 20 applies, a boat may indicate her need for room to tack or her response by VHF radio on channels 16 and 71.
