

# KATTACK MOBILE APP INSTRUCTIONS FOR THE VINEYARD RACE

1. This app is only used for tracking your boat while racing, not for spectators. Spectators can view the race at [kattack.com](http://kattack.com).
2. Cornfield Point and Seaflower Courses: Tracking with iPhone, SPOT, InReach, or MMSI are permitted
3. Vineyard Course: Tracking with SPOT, InReach, or MMSI are permitted (no iPhone)
4. If you own a SPOT, Garmin InReach, or MMSI tracking device, tracking can be set up without the smart phone app. Please submit your info to: [Vineyardrace@StamfordYC.com](mailto:Vineyardrace@StamfordYC.com)
  - a. For SPOT devices submit your boat name and your tracker's XML Feed ID. (<http://wp.kattack.com/spot-xml-feed-setup>)
  - b. For InReach devices submit your boat name and InReach Mapshare URL.
  - c. (<http://wp.kattack.com/delorme-setup>)
  - d. MMSI: 9 digit code
5. For other questions: [Info@Kattack.com](mailto:Info@Kattack.com)

## Kattack iPhone (and iPad) Tracker app

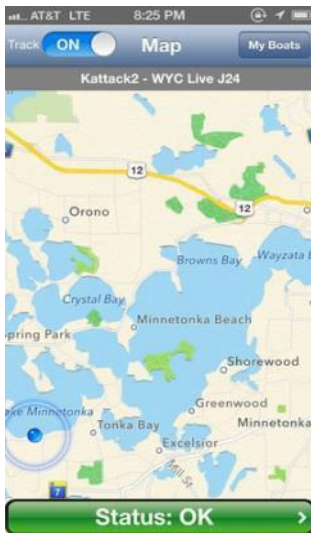

### **1. Prior to Race**

- a. Find and download the Kattack app: "**Kattack Mobile**"
- b. Allow Kattack to use your location: "Allow While Using App"
- c. Add Boat: Enter Boat Name & Sail Number (example: Salty50123)
- d. Race Feed: Select your racing class or racing area.
- e. Password: vineyard24

### **2. During Race**

- a. Click on the Kattack Logo (app on your phone)
- b. Map should appear with Status OK
- c. Verify points are being uploaded by clicking on Status
- d. Phone should have full charge, leave plugged into charger

## HELPFUL HINTS

- Keep your phone fully charged
- Place your phone where it can receive the best signal
  - Not in the bilge or under a bunch of gear
- Only load the app on 1 device
  - The device on the boat..... not in the car
- Do not use the device with the app for tracking the fleet
  - Use another phone and go to [kattack.com](http://kattack.com) to see the race
- Make sure the location settings are set to "While Using the App"
- Keep the app running
