AMENDMENT #1 to the NOTICE OF RACE

[Reason: clarify the scoring to be used for PHRF or ORC. Also, ORC will not be a separate starting class. Instead, AYC will "double-score" boats racing in PHRF that also have an ORC rating as a single ORC division]

In NoR 2.1, the line item for ORC as a starting class is deleted.

NoR 2.4 is replaced with:

2.4 Boats entered in a PHRF class that have a valid ORC International or ORC Club rating (see <http://www.ussailing.org/racing/offshore-big-boats/orc/>) may also request to be scored as a single ORC sub-division in addition to being scored in their PHRF class.

NoR 8.2 is replaced with:

8.2 For classes using PHRF - a boat's corrected time will be calculated using PHRF Time-on-Time scoring. A boat's corrected time will be her elapsed time multiplied by $(650 / (550 + \text{PHRF Rating}))$. Circular-Random Valid ratings will be used for the fixed marks race. Standard Valid ratings will be used for the drop marks races.

NoR 8.3 is added:

8.3 For ORC scoring - a boat's corrected time will be calculated using ORC Time-on-Time ratings. Coastal/Long Distance ratings will be used for the fixed marks race. ORC triple number Inshore ratings will be used for the drop marks races. The race committee will announce which rating (Low, Medium, or High) it will use on VHF radio prior to the warning signal of each race.
