

North Star Sail Club Sailing Instruction Amendment 2017 Friday Night Top Gun Series

Bank of America Corporation

Scoring: Races will be scored using time-on-time over PHRF for classes and division overall. Multi-sail rules will apply. Multi-sail rules require each yacht to state their standard configuration; either Jib and Main, Asymmetrical Spinnaker, or Spinnaker as defined by DRYA. Each race will be scored by the configuration sailed by each boat. The boat owner will be responsible to notify the Race Committee shortly after finishing of the race configuration used for that race.

The PHRF ratings are adjusted each race day based on the configuration sailed, where Spinnaker would be the boat's DRYA adjusted base PHRF rating, the Asymmetrical configuration would be adjusted base plus 6 seconds per mile, and the Jib and Main configuration would be adjusted base plus 12 seconds for mile for non-sport boats. The boat's DRYA PHRF rating certificates will override the above defaults.

Series and overall scoring will based on each race's multi-sail scoring.
