

WIRW NOR 2019 / Amendment #1

3.1.4 Boats sailing in PHRF fleets must have a current PHRF valid speed potential rating and certificate. PHRF Certificates from PHRF organizations other than PHRF NW will be accepted, however they may be adjusted by a PHRF NW handicapper if there is a discrepancy between rating for nearly identical yachts. Alternate certificates must be sent to the Organizing Authority by July 1, 2019 for considerations and/or alterations. Any boat/fleet that is effected by the temporary rating change will have a chance to discuss the change with the PHRF handicapper.

Non PHRF members may contact PHRF-NW to request a certificate through the PHRF-NW web site (www.phrf-nw.org) or contact the PHRF Northwest Business Office at:

PO BOX 489 Gig Harbor, WA 98335
