The race committee will attempt to have the finish boat lighted in case of night or other unfavorable visibility conditions. It is recommended that boats should finish within 100 feet of the finish boat. Boats should continue to race until a horn signal signifies that they have finished
- 9.2** It is the sole responsibility of the finishing yacht to make sure that the Race Committee can identify them. Boats that are finishing must sail between the pier heads. Approximately 10 minutes before finishing, the finishing boat must call the Race Committee on VHF Channel 69 and identify themselves by name and sail number. The Race Committee may not respond due to responsibility of finishing other yachts
- 9.3** After finishing, the captains shall submit a signed verification of finish in a box located at the marina office within 2 hours of finishing. If the marina office is closed, the report must be filed as soon as possible the next morning but in no case later than 10:30 am CDT. Signing the finish report verifies that the boat has complied with all the instructions in both the Notice of Race and Sailing Instructions. Furthermore, this signature verifies that the boat has complied with Racing Rules of Sailing and good sportsmanship. Failure to furnish a finish report will result in the yacht being scored as DNF.
