

Clean, Green/Blue and Responsible

Working with Sailors for the Sea, the Eastport Yacht Club is taking steps to ensure that this regatta is a Certified Clean Regatta. Since the program's inception, over one thousand regattas worldwide have been certified as "Clean Regattas."

Sailors for the Sea notes, "One part education, two parts activation, the program unites and mobilizes sailors by offering support and resources to help conserve and protect the ocean."

Please help us protect the Chesapeake Bay and our blue planet!

Sailors and Skippers

You are part of the effort too! Clean water is vital to enjoyment of the sport we love. As race organizers, shore-side planners, race participants, and race officials, we will all be asked to do our part by:

- Filling up reusable water bottles from our water stations;
- Recycling plastic, glass and metal;
- Composting food, waste and paper;
- Caring for your boat without toxic cleaners;
- Letting NOTHING go overboard;
- Inspiring future sailors to be good stewards of our waterways through educational efforts like sailors for the Sea's Kids Environmental Lesson Plans; and,
- Paying your responsible habits forward as you go to future events!

Thank you for helping us make a difference!
